Pippin is Making Magic

Watch for our announcement of Pippin ticket sales near the beginning of September.

We're a month into Pippin rehearsals and we're very fortunate to have a happy, hard working, and talented cast! The show is quite dance heavy and they're all busy with our choreographer, Sheri Green (assisted by Courteny Green), creating some fun numbers.

Our vocal director, Andrea Grossman, is spending time with the group, helping them become a cohesive sounding choir. With help from Will Grossman, they're providing coaching to individuals for the many times they get to shine on their own.

"All of this on top of everyone discovering their characters, finding the funny, and creating moments in the story to entertain.

We have magic to do, and it's getting done!"

Sanjay Fisk, Director
